Tools used: Tableau, Jupyter Notebook.

Maharashtra - Data

Here, we take a look into how the Authorized capitals & paid up capitals are distributed among company-statuses.

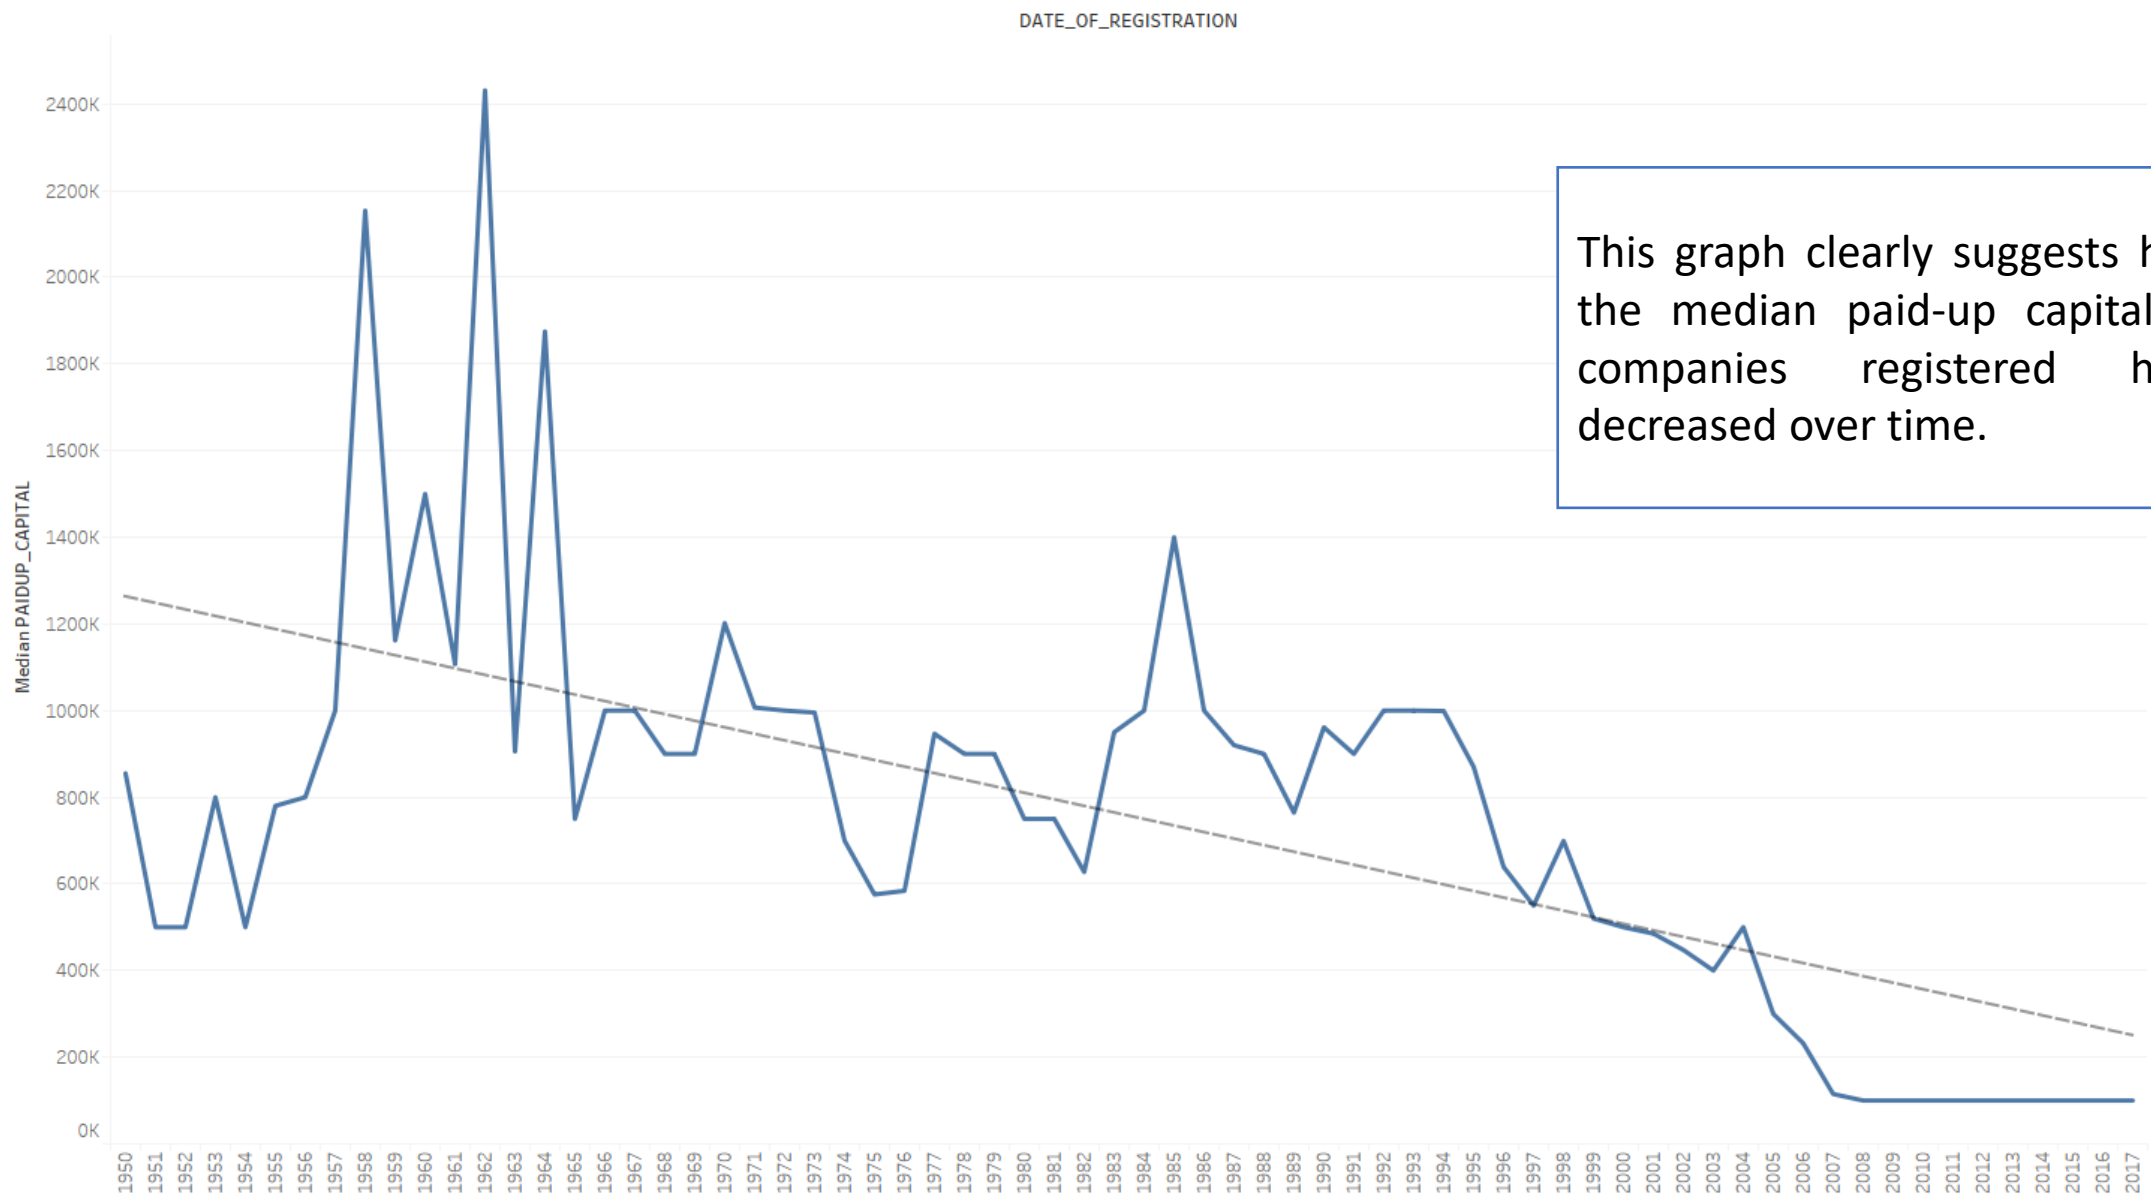

In the next two slides we'll see how the median of paid up capitals & authorized capitals of registered companies has increased or decreased over the years.

Maharashtra - Data

1 2 3 4

This graph clearly suggests how the median paid-up capital of companies registered have decreased over time.

Inference

From the graphs above we can easily infer the following points;

1. Most capitals are distributed among companies which are currently active.
2. Companies whose principal business activities are in Electricity, Gas & Water; have been flourishing followed by Business services & Finance.
3. Authorized capital & paid up capital have depreciated over time.

Thank You.
